Mike Freeman | Executive Director

Note from the Director

It's BASICCON Spring 2025! I'm filled with excitement and anticipation to see all that God is going to do. Preparing for this conference, which will be my last as Director, has been bittersweet. I have reminisced about the conferences these past three years, the ones I attended back when I was an advisor, and going back further, my conference days as a BASIC student.

The journey to where I am now has been one I never saw coming, and I am forever grateful to have had this opportunity. I had no idea what God had in store for me in these past few years, and they have been some of the best. As I look to the future, I am still not fully sure of what may be next. However, in the midst of the not knowing and transition, I am certain of one thing. Our God is UNCHANGING! He does not waver and when we grasp on to that, we can move in certainty!

We're so glad that you've joined us here at BASICCON as we gather to learn how God never changes and how His ways can be trusted. Together, we are going to hear powerful messages, share in authentic times of heartfelt worship, and engage in meaningful fellowship. We will discover together how we can impact the world with the love of Jesus Christ and trust Him even in the midst of a changing world.

As we step into a new era for BASIC after this semester, I know there's a bright, impactful future ahead. God is bringing revival in your personal life, your peers, on your campus, and in your city. God wants to continue to do a deep work within you so that you will be able to share His love with those around you. Let's be a generation who walks in all God has for us. This is just the beginning! It has been an honor serving you and I will miss getting to lead this movement. But I can't wait to see all that God continues to unfold through you and through BASIC!
